

ROW OVER BONES OF A CHINESE

HILO CHINESE HAVING A LIVELY RUMPUS OVER THE REMOVAL OF SOME REMAINS.

The bones of a Chinese who had been dead about eight years were dug up in a Hilo cemetery recently, and the resulting row has caused the biggest stir Hilo's Chinatown ever had, and has even spread to Honolulu. The man who dug up the bones has been charged with disintering remains without a permit, and in the hearing of his case in the Hilo district court recently a native woman told of having been paid \$2 to induce her to testify just the opposite to what she did testify, wherefore prosecutions for subornation of perjury were begun.

The bones case has divided the Chinese community in Hilo into two factions, and there is a big row over it, with possibly rival cemetery associations at issue. Carl Smith represents the Chinese who are prosecuting those who removed the bones and R. W. Breckons, who left for Hilo on the Kilauea today, appears for the other side.

There are some very peculiar law questions involved in the cases, and the Hilo court is likely to have an interesting time over them.

ASTRAL MAY LOSE CHARTER

UNLESS SHE ARRIVES TO-NIGHT SHE WILL NOT GET A CARGO OF SUGAR FOR THE BREAKWATER.

Unless the ship Astral arrives to-night she will lose her sugar charter. Her time expires to-night. The vessel is now out 22 days from Yokohama. If she arrives in time she will load about 5,000 tons of sugar for Delaware Breakwater, being one of the Cape Horn sailing fleet. She was late leaving Yokohama for Honolulu. It would be surprising if she were to make this port tonight just inside of her charter time. In event of her losing her charter she will probably continue in ballast to San Francisco.

There will be no trouble about the ships Arthur Seward and Wm. P. Frye securing cargoes of sugar as they have been guaranteed cargoes. They are out 46 and 47 days respectively from Manila.

FIERCE MUTINY OF TROOPS

(Associated Press Cable to The Star.)

HELSINGFORS, Finland, July 31.—A portion of the garrison at Sveaborg mutinied last night. A sanguinary struggle ensued. The mutineers were joined by the artillerymen who trained guns on the loyal troops, 600 being killed and wounded during the fighting that followed.

Warships are now bombarding the fortress as a large portion of the fortress is still in the hands of the mutineers.

An outbreak of troops also occurred at Skatudden. The mutineers made their officers prisoners, one officer being killed. The torpedo boat destroyer Finn is bombarding the fortress at Skatudden.

ACHI SAYS NOTLEY IS A BETTER MAN THAN KUHIO

THE NOMINEE OF THE HOME RULE PARTY HAD IT ALL ARRANGED FOR THE DRAMATIC INCIDENT OF THE SINGING OF HAWAII PONO FOLLOWING HIS NOMINATION—HOW HE EXPLAINS THE COLOR LINE IN THE PLATFORM.

Wherever politicians gathered today the sole topic of discussion was the work accomplished by the Home Rule convention and the relative merits of Candidate Charles K. Notley, the Home Rule nominee, and Prince Kuhio, who is almost certain to get the nomination from the Republican party for the office of Delegate which he has filled for the past four years.

Notley seems to have a good many supporters outside of his party as far as he is personally concerned, but most of them do not like the platform or the party which has named him as their candidate and had him take an oath to the effect that he would support all provisions in the platform. All these admirers agree that Notley is a very

WHAT'S IN A NAME

"What is your full name?" asked Clerk Simonton, in the usual formal manner of a court clerk addressing a witness just sworn.

"Kalkinakaolilikae o Lonoikaina-hikikapuokalani," said the witness without a tremor.

Simonton for some reason or other wanted it again. He is not hard of hearing, nor slow in making court minutes, but for some mysterious motive he asked the witness to say it again, and try to say it slow. Then, with deliberation, the witness repeated his unearthly name.

"Kalkinakaolilikae o Lonoikaina-hikikapuokalani," said the witness and unmistakable answer, and of course any competent clerk ought to have been able to get it on the jump, but Simonton couldn't. He wondered why the "o" was put in to spoil the continuity.

However, the name was finally registered and the taking of the testimony of the witness who owned it was proceeded with, before Judge Robinson, in the matter of the Kuniaka estate. The estate does not amount to over a thousand dollars, but there is nearly a score of claimants, and they are having a lively time in proving ancient Hawaiian family connections in order to prove their various rights as heirs and heiresses.

The witness whose awful name interrupted the proceedings, and which all concerned are supposed to stop now and then in the argument and pronounce "Kalkinakaolilikae o Lonoikaina-hikikapuokalani" is the father of the Rev. Mannase. He is quite an important witness in the case, and after his name was once thoroughly settled, he gave his evidence without further pilikia.

DEMOCRATS PLAN TO RUN A "BUSINESS MAN"

NOMINATION OF NOTLEY LEADS TO PLANS BY DEMOCRACY TO NAME A WHITE MAN, REPRESENTING THE BUSINESS COMMUNITY, FOR DELEGATE TO CONGRESS—FUSION PROPOSITION PROBABLY DEAD ON ALL THE ISLANDS.

The nomination of Notley by the Home Rulers probably means the nomination of a white man, one who answers to the description of a "business man's candidate" such as some Republicans would like to put up, by the Democrats. They are now figuring on whom they can select to make the run, and thus the fight for delegateship to Congress will probably be a three-cornered one, with Kuhio, the regular Republican nominee, generally regarded as the winner.

Notley's candidacy is regarded by many as a joke, but the earnest Home Rulers are planning to make a real fight for him. Leading Republicans and Democrats alike, however, regard him at this time as not a serious element in the campaign. It is not thought now that he will even poll the normal Home Rule vote.

The nomination of Notley is a part of the rejection of fusion, which has been predicted all along by some. Notley's election to the presidency of the party, many months ago, meant the same thing, for he declared himself immediately after the last election as unalterably opposed to any more fusion. He said that the fusion didn't suit the leaders of the Unaffiliated.

Government Retains Hold On All Its Land

LAND COMMISSIONER PRATT SAYS THAT NOT AN ACRE OF GOVERNMENT LAND IS BEING DISPOSED OF WITHOUT A PROVISION IN THE LEASES THAT SETTLERS MAY HAVE THE LAND AT ANY TIME.

Not an acre of land owned by the Territory of Hawaii is being leased to any applicant, plantations or others, without any provision in the lease that the government may at any time take back the land if there are settlers who want it. This is a condition in all the leases that are now being made by the land office.

In answer to Judge Robinson's letter regarding the land policy, Land Commissioner Pratt this morning said that not only are Judge Robinson's facts inaccurate, to say the least, but that the present policy of the land department involves a thorough appreciation of the paramount duty of the government to give the settlers the first rights in all land propositions.

TWILIGHTS HAVE ANOTHER CHANCE

TWILIGHTS WILL BE ALLOWED TO PLAY ONE MORE GAME—THEN IF THEY DO NOT IMPROVE THEY WILL BE ASKED TO GO AND THE PLANTATION TEAM WILL TAKE THEIR PLACE IN THE WINTER LEAGUE.

The Sunday Baseball League met this noon and decided to give the Twilight one more chance. They will be allowed to play next Sunday and then if they do not do better they will have to leave the League and let the "Sugars" or the Aela Plantation team take their place.

The league met in the office of Charles Falk with all of the managers of the winter league teams present. Considerable discussion was indulged in for the committee appointed to watch the Twilight practice seemed to have passed the matter up and consequently there was nothing doing when they tried to tell how the Twilight played.

The following communication was read. Each of the managers of the Winter League had received one from Edward Ayau the manager of the "Sugars."

Aela, Oahu, T. H., July 26, 1906.
Dear Sir: I now propose putting in the field an "all-plantation" baseball team same to be known as "Sugar" in place of the Twilight should their rights and privileges as a ball team be revoked at the meeting of the representatives set for next Monday, July 30th, 1906.
